6.4. Self Study Report for B.Sc. (Hons.) Agriculture Programme

The B.Sc. (Hons) Agriculture programme being offered at Faculty of Agriculture (FoA), Maharishi Markandeshwar (Deemed to be University) {MM(DU)} is implemented as per the guidelines of ICAR including minimum requirements of 5th Deans' Committee recommendations and Model Act for Higher Agricultural Educational Institutions in India (Revised 2023). The MM(DU) is a NAAC grade A^{++} accredited University. It is committed to deliver best of the resources to its stake holders for this program.

6.4.1. Brief History of Degree Programme

Maharishi Markandeshwar (Deemed to be University) {MM(DU)} is situated at Mullana on the outskirts of Ambala, towards Yamunanagar in Haryana under the parasol of Maharishi Markandeshwar Trust, which was founded in 1993. The vision and mission of the Management of the Trust is to establish a citadel of education for aspirants from rural and urban settings to become responsible citizens of civil society after completing their education. Accordingly, state-of-the-art lab facilities, Hospital, fields, teaching and research, farm facilities, etc., have been developed to impart holistic education at undergraduate and post-graduate levels.

The Faculty of Agriculture (FoA) is one of the constituent institutes of the MM(DU), which came into existence w.e.f. 12th June 2007. Currently, following programs have been approved by UGC under FoA of the MM(DU):

1. B. Sc (Hons.) Agriculture (4-year)
2. B. Sc (Hons.) Agriculture Integrated (6-year)
3. M.Sc. (Agronomy)
4. M.Sc. (Entomology)
5. Ph.D. (Agronomy)

The Faculty has strived to create infrastructure and other requirements as per ICAR norms. These include Agri-Incubation Centre and facilities for Vermicompost, Bee-keeping, Mushroom Cultivation, Hydroponics, Protected Cultivation, Fisheries, Weather Station, Research Farms, Orchards, Animal Sheds, etc.

The MM(DU) supports various faculty and student development schemes for participation in National/International Workshops/Conferences/Seminars/Webinars, etc. The FoA has

also organised various National/International Workshops/Conferences/Seminars/Webinars, etc. where all Faculty members and Students are exposed to recent developments in various disciplines of Science and Technology. The Faculty and Students have recently been working on research areas covering crop improvement, crop production, crop protection, horticulture, plant biotechnology, etc.

The Faculty has submitted projects to various National Funding agencies covering aspects of Crop Residue Management, Plant Breeding, Agro-Forestry, Nutri-Cereals Based Value-Added Products, Fisheries, Honey bee rearing and Honey Processing, Bio-fertilizers and Bio-pesticides Production Lab, and Soil Testing Lab worth Rs 14 Crores.

Faculty along with students regularly interact with stakeholders at different forums. Interaction with farmers and Agri-Entrepreneurs is a regular practice realised through visits of experts to their farms or the visits of farmers to the MM(DU) research farm and various experiential learning units. The FoA on a regular basis organizes Exposure Visits, Front line Demonstrations, Field Days, Gyan Diwas, Kisan Gosthi, Kisan Mela, Exhibitions and Campaigns, etc.

6.4.1.1 Objectives

i. To create and develop skilled, talented and entrepreneurial human resources and knowledge pools of agriculture technologies.

ii. To prepare the graduates with learning-centered education to achieve high-quality products, farmers' profitability and zero environmental footprints ensuring sustainable agriculture in changing climatic scenario.

iii. To develop leadership in agricultural sciences to ensure economic attractiveness, global competitiveness, social equity, environmental sustainability and food and nutritional security.

iv. To carry out any tasks, projects or activities appropriate for achieving the goals to establish start-ups and agri-entrepreneurship for self-employment.

6.4.1.2 Accomplishments

The programme has accomplished significant achievements, briefly described hereunder:

The FoA, MM(DU) is striving to attempt excellence in teaching, research and extension for accomplishing quality education, innovations and transfer of technology to the farmers. The FoA is committed to create and adopt new technologies in agriculture for the overall socio-economic upliftment of Haryana State. FoA has made significant achievements as described below:

1. The FoA has been conferred with the best institutional award by Krishi Uddami Krishak Vikas Chamber by Hon'ble Union Minister, Animal Husbandry and Fishries Shri Puroshottom Rupala ji in the presence of Hon'ble Agriculture Minister, Haryana Shri J.P. Dalal ji, former Agriculture Minister, Haryana Shri Om Prakash Dhankhar ji, Vice Chancellors, Directors and galaxy of Scientists from various Universities.
2. Hindustan Agricultural Research Welfare Society, Agra has awarded FoA with the "Best Agriculture Education Brand Award-2022."
3. To garner funds worth Rs. 14 Crores, FoA has filed projects to various funding agencies, including DST, CSIR and State and Central Government, out of which, Rs 75 lacs has already been sanctioned.
4. The faculty members and students have published more than 1000 publications including publications with Maharishi Markandeshwar affiliation. These publications include books, book chapters, research papers Conference Proceedings and popular articles which are indexed in renowned databases such as Scopus, Web of Sciences, NAAS, UGC Care list, etc. In the year 2022, the faculty members produced 50 publications and filed 8 patents.
5. The faculty members and students of the Department have filed/published/granted more than 44 international and Indian patents.
6. More than 80% of faculty members are with Ph.D. qualification.
7. Almost all the passed-out students are well placed in jobs, taken up Higher Studies or have become Entrepreneurs. Nearly, 40% are placed with a maximum salary of Rs 6 lacs/annum and a median salary of Rs 3 lacs/annum. 10% of students opt for higher studies and 40-45% of students become entrepreneurs by establishing their

ventures like poultry farms, pesticide and insecticide stores, fertilizers or are involved in their family agriculture business.

8. Ms. Isha (admitted in the academic session 2020-21) brought laurels to the MM(DU) by fetching the Guard of Honour and Piloting Medal in NCC (academic session 2022-23). Ms Aarushi Saran, cracked Uttar Pradesh Combined Agriculture and Technology Test (UPCATET) in 2023.
9. The students are regularly exposed to training at National organizations such as MHU Research Centre, Murthal; Bajwa Mushroom Farm, Kurukshetra; KVK, Tepla-Ambala; Seed Processing Plant, HSDC, Kurukshetra; Harbir Nursery, Dadlu, Shahabad; Sikri Vermi-composting Unit, Dangali, Shahabad, etc.
10. The classrooms are 100% ICT enabled.

6.4.4. Classrooms and Laboratories

The classrooms and laboratories are sufficient to meet the course curriculum requirement of the degree course of B.Sc. (Hons.) Agriculture. Programme having 180 sanctioned seats need 12 classrooms, which are available. FoA has 12 classrooms with more than 60 seating capacity, 6 tutorial rooms having more than 30 seating capacity and 2 seminar halls with more than 120 seating capacity. This whole infrastructure is adequate to accommodate students of all the programmes.

6.4.4.1. Classrooms

All the 12 classrooms and 6 tutorial rooms are well furnished, air-conditioned and equipped with the latest ICT facilities. All the rooms are well-ventilated with large size windows and whiteboards.

6.4.4.2. Laboratories

There are sufficient number of well-equipped laboratories as per ICAR guidelines. The details are given as under:

6.4.4.3. Farm Facilities

a. Land allocation:

The Faculty has a total of 42.70 ha of land out of which more than 25 ha is utilized as a farm area including farms and stores available for students' practical, demonstration, practical crop production, crop cafeteria, PG research, etc. Remaining land is utilized for main building, hostels, residential quarters, playground and other amenities. The department-wise land provided is given below:

6.4.4.4. Workshop

The faculty has one Workshop which is looked after by the Qualified Staff.

6.4.4.5. Other Instructional Units

There is more than 25 ha of land allocated to the FoA for conducting different departmental research and Units:

Vermi-Composting Unit: The area allocated for vermicomposting is 1/10 acre at which 20 pits (size 10 ft. x 4 ft. x 2 ft.) of vermicompost are constructed.

Figure 6.4.4.5.1. Vermi-Compost Unit for Students' Learning

(i) **Hydroponics Unit:** Hydroponics is one of the most important components of urban farming. It is a technique to grow plants without soil. This module exposes students to Science, Technology and Engineering in multiple ways, from understanding how a sustainable system works to grow plants and calculating correct nutrients and water levels by using problem-solving skills. The indoor hydroponic system allows students to learn the production techniques of crops by controlling the temperature and lighting schedules. There are both type of Hydroponic Units, i.e., Vertical and Horizontal. The exposure that hydroponics provides to students not only engages them in advanced learning but also allows them to connect with various fundamental principles and understand their relevancy.

Figure 6.4.4.5.2. Hydroponic Unit in Department of Horticulture

(ii) **Bee-keeping Unit:** The complete understanding and knowledge of Bee-keeping help in minimizing the risks of an entrepreneur engaged with the apiculture business. Bee-keeping as an agri-enterprise plays an important role in creating employment opportunities. The commercial Bee-keeping module consisting of all the important aspects of honey production, the processing of bee products and marketing are helpful to the students to become more confident with bees and

learn responsible Bee-keeping practices. In present days honey and other bee products like bee wax, royal jelly, propolis, bee venom, pollen, etc. are very popular in the food, medicinal and cosmetic markets as well as play an important role in immunity development. Bee-keeping is also important for pollination and recreational activities. Four colonies of bees have been established for research purposes and practicals. The *Apis mellifera* species of Bee is used in the Unit.

Figure 6.4.4.5.3. Bee-keeping Unit

(ii) Waste Management Unit: This unit is established to convert waste from the farm, landscape unit, kitchen waste, etc., into compost. Here, practicals are conducted by the students. The unit is composed of three sections: (i) a copping unit; (ii) a mixing unit; and (iii) composting unit. Students carry out different operations beginning from waste collection to compost disposal in the field. Collected cow dung is also used in the Gobar Gas Plant for fuel generation.

6.4.4.4. Theory and Practical Batches

The theory classes have the strength of not more than 60 students and for the practical classes, the batch size is 30 students. Since the intake is 180, there are 3 Sections for theory classes of 60 students each and for practical classes, there are 6 Sections of 30 students each.

6.4.5. Conduct of Practical and Hands-on-Training

The practical classes are conducted in respective laboratories/experimental fields of the department concerned as per the allotted credit hours. Each practical class consists of two hours in continuation. The students of each class/section are divided into two batches. Each section carries out different practical and hands-on training as listed in the table below:

Table 6.4.5. Conduct of Practical and Hands on Training by different Sections

S. No.	Section	Conduct of Practical and Hands-on-Training
1	Agronomy	Students are well acquainted with the identification of weeds, seeds, fertilizers, manures, varieties and crops. management of the field. Similarly, students are well trained in how to manage crop fields, how to give irrigation in crops, how to control weeds and how to identify nutrient deficiency. Students are also trained for crop cultivation in fields.
2	Agricultural Economics	We groom and train the students through practical classes about the tools and techniques used in agricultural production economics, farm management, agricultural finance and agricultural marketing. Our students are well acquainted with tools and techniques used in agricultural economics for data analysis, bookkeeping, estimation of cost of production and cultivation, product mix, estimation of marketing and farm efficiency measures, estimation of marketed and marketable surplus, purchase of inputs and sale of output, acquisition of funds and optimization of funds etc.
3	Agricultural Extension Education	The students learn the entrepreneurial traits assessment of entrepreneurs, the problem-solving and managerial skills, creativity and time audit through planning, monitoring and supervision (PERT). The students also learn the Identification and selection of business ideas along with the preparation of business plans and proposal writing.
4	Entomology	Students are well acquainted with insect identification and nearly 80% of students can differentiate between insects and pests in the laboratory as well as in the field. Similarly, they learn how to identify, damaging symptoms and control measures of major insect pests on crops. Students are well equipped with Bee-keeping and interested aspirant can start their own set up in this field.
5	Genetics & Plant Breeding	(i) Cell Division: - Students are trained to collect pollen grains for pollen viability tests and study of meiotic cell division using *Acietocarmin* stain. Likewise, root tips of various crop plants are collected for studying the different phases of mitotic cell division. The majority (90%) of the students grasp the technique and are found to perform it well. Pollen viability and meiosis analysis is important in hybridization programme and mitosis for *in vitro fertilization. (ii)* Crossing techniques: - Students in the classes get Hands-on-Training for emasculation and pollination techniques necessary for the development of hybrids. More than 95% of the students learned these techniques. Through this training, students can establish their own startup for hybrid seed production in crops. (iii) Seed production and Technology: - Here the students are trained to produce quality seeds of different crops. They learn all the practices starting from seed bed preparation to seed sowing, isolation distances, roguing of off-type plants, seed certification, seed harvesting & threshing, seed drying, winnowing, grading, packaging and seed storage. Students can become entrepreneurs as seed growers to produce quality seed for cultivation by the farmers leading to increase in produce and self-employment.
6	Horticulture	Students are acquainted with different fruits, vegetables, ornamentals and their varieties. They are trained in raising seedlings of fruit, vegetable and flower crops in different seasons, methods of layout, seedbed preparation for raising

		seedlings in different seasons, propagation techniques, preparation of insecticides, fungicides and PGRs solution for spraying in different crops. Students are also acquainted with deficiencies of different nutrient elements in fruit plants and vegetables. They are also explained with methods of fertiliser application. In post-harvest management of fruits and vegetables, students learn about different packages, pre-cooling methods, storage and marketing etc. Students learn about the preparation of different value-added products viz; preserves, jam, jelly, marmalade, chutney, sauces, beverages etc. About 80 per cent of the students grasped the above techniques/methods.
7	Soil Science	The students are trained in soil sampling and preparation of soil samples. The students also learn soil, plant and water testing in the soil science lab. Students (70-80%) are trained in the identification of different soil types and the identification of nutrient deficiency in plants. The students get hands-on training on various aspects of soil testing kits, organic farming and vermicompost production. Students can isolate different soil microbes grown in culture media for soil microbial analysis.
8	Plant Pathology	Students are trained in preparation and sterilization of media and isolation and maintenance of culture of plant pathogenic bacteria and fungi. They are also trained in identification of diseases of various field and horticultural crops. Students can identify the Plant Diseases and perform isolation of plant pathogens properly. The students get hands on training on various aspects of Mushroom Cultivation.
9	Animal Science	Physical characteristics of different breeds of cattle, health, feeding and management of livestock; cultivation and management practices of forage crops are demonstrated on the farm. Nutritional requirement of different categories of animals is calculated; milk and preparation of milk products, use of dairy and poultry equipment are demonstrated to the students.
10	Agriculture Engineering	Agriculture Engineering help to trained the students for the use of various machine, tools, equipment and implements in field condition from preparation of field for sowing up to harvesting of various crops. Hands on training provide to students for repair, maintenance and fabrications of Engine, machine, tools, equipment and implements of Agriculture and trained the students to use of Renewable Energy sources in Agriculture as Farm power.
11	Biochemistry and Physiology	Plant Biochemistry helps to understand the basic concepts of role of biochemicals in Agriculture and Biotechnology helps to understand the basic concepts of Plants growth hormones and secondary metabolites in modern Agriculture.

6.4.7. Feedback of Stakeholders

(students, parents, industries, employers, farmers, etc.)

- Feedback is very important tool for improvement of systems in the FoA. Faculty has developed different feedback forms for each stakeholder. The need-based committees are constituted from time to time for completion of this process. Mentors are responsible for feedback of students and parents whereas the committees constituted for the specific purpose take feedback from their respective stakeholders.
- Every student is allotted to a Mentor/Advisor after admission to guide them in a proper way. The Mentor conducts regular meetings in which students provide feedback regarding their academics and other problems. These records are maintained in a mentor file of individual student by the Mentor for the future purpose. The recorded issues are taken up with the concerned for solution.
- A proforma is devised for taking students feedback at the end of each semester about class teaching including subject content delivery, use of teaching aids, communication skills, subject discussion, course coverage, its application, etc. If any gap is found, that is discussed in departments with the concerned teachers and are solved within the time-frame.

- Feedback of parents is also recorded in a prescribed proforma whenever parents visit the FoA for teachers-parent meeting.
- Feedback of faculty is also taken in a prescribed proforma regarding course curriculum and the subject which they have taught in the class. The performance of the faculty is also reviewed on the basis of their results and feedback from the students.
- During Student READY programme, students are exposed to Rural Agriculture Work Experience (RAWE), Agro Industrial Attachment (AIA), Plant Clinic and visit to KVK/ARS. At the end of RAWE programme, a combined meeting of farmers, students and Faculty is conducted to take farmers' feedback.
- The FoA prepared a database and conducted Field Day, Gyan Diwas, Kisan Gosthi where the Problems/Queries raised by the farmers are readdressed. The faculty of Agriculture prepared a database and conducted Field Day, Gyan Diwas, Kisan Gosthi where the problems/Queries raised by farmers are readdressed.

  Details mentioned in Annexures – 6.4.7.1 to 6.4.7.6.

CERTIFICATE

I, **Prof. (Dr.) O. P. Mehla,** the Dean of the Faculty of Agriculture, do hereby certify that the information contained in the Section 6.4.1 to 6.4.9 are furnished as per the records of the Faculty and the degree awarding University.

Signature of Dean of the College with Date & Seal

6.5. SELF STUDY REPORT (SSR) OF FACULTY OF AGRICULTURE

Maharishi Markandeshwar (Deemed to be University) [MM(DU)], Mullana - Ambala (erstwhile Maharishi Markandeshwar University, Mullana) was established under Section 3 of the UGC Act vide Notification No. F.9-65/2006-U.3 (A) dated 12-6-2007. MM(DU) has the proud privilege of being the first Self Financing Deemed to be University in Haryana. The institutional campus is located on an area of about 130 acres of land with exotic campus and lush green surroundings of green fields and rural folk duly provided with all modern amenities.

M. M. Group started its functioning with MM Engineering College in 1995 with 180 students and 13 faculty members. Today as a Deemed to be University, the MM(DU) has a total student strength of nearly 10,000 supported by the faculty strength of about 800 conducting more than 125 UG, PG, Diploma and Doctoral programmes. Accredited by **NAAC** with Grade **'A++'**, the MM(DU) has a rich legacy of excellence in research, innovation and skill development.

Figure 6.5.1. MM(DU) Campus

The MM(DU) and its constituent institutes have also been ranked amongst top institutions of the country by NIRF since 2017, with latest ranking of 78th in the University category in NIRF ranking of 2023. At International level also, it has been ranked 174th in QS South Asia

Ranking and in the rank band of 601-800 in Times Higher Education World University Rankings 2023.

The Faculty of Agriculture (FoA) is one of the important constituents of the MM(DU), Mullana-Ambala (Haryana). The agriculture courses were started w.e.f. 27-12-2013. These accomplishments stand a testimony to the consistent efforts of the MM(DU) and FoA to achieve their vision and mission, which are as under:

Vision

"To prepare students with an integrated and technology-oriented education for a better career and to be worthy citizens of a global society".

Mission

"To develop better than the best professionals for the economic development of the country."

The FoA provides all the basic teaching (Theory & Practical) facilities. The FoA has well-equipped Laboratories, facilities of Research Farm, Mushroom Unit, Vermicompost Unit, Bee-keeping Unit and Hydroponics Unit.

The Research Farms have adequate irrigation facilities and farm machinery such as tractors, harrows are available for timely completion of farm operations. The farms are under direct control of the Dean, FoA, who is assisted by Farm Managers, technical staff and other farm related supporting staff.

Figure 6.5.2 Faculty of Agriculture (FoA)

The Dean, FoA is also the Head of the Establishment of FoA. The faculty of FoA is made up of a mix of youthful, energizing and very experienced teachers. They are all well qualified, devoted and highly competent persons in their respective area.

6.5.1. Faculty Administration (FoA Administration)

- The Faculty of Agriculture (FoA) is headed by the Dean. For instructional purposes, eleven departments have been established. For Farm and Nursery activities, a Farm Manager is appointed.

- The administrative functions are looked after by various officers like Registrar, Finance officer, Controller of Examination, Manager Materials, etc., who are assisted by officers at the level of Deputy Registrars, Assistant Registrars and other office staff.

6.5.1.2. Monitoring Mechanism for Quality Education (on-line)

Yes, the FoA is having an internal quality assurance system with appropriate structure and processes and with enough flexibility to meet the diverse needs of the stakeholders which is required for planning, guiding and monitoring quality assurance and quality enhancement activities. The IQAC comprises of members having experience in education quality monitoring. The syllabus of B.Sc. (Hons.) Agriculture is designed and taught as per the recommendations of ICAR-V Deans' Committee report. The syllabi of M.Sc. (Agri.) Agronomy and M.Sc. (Agri.) Entomology are designed as per recommendations of Broad Subject Matter Area (BSMA).

6.5.1.2.1. Teaching

In order to maintain quality education, the Enterprise Resource Planning (ERP) is used for online marking/uploading and monitoring of i) time table ii) attendance records iii) sessional marks iv) academic calendar (v) assignments (vi) student projects, etc.

- The reflections from students are gathered on subsequent days of completing the lecture for monitoring the grasp of the students and doubts are clarified.
- Self-Appraisal Reports of individual teachers are evaluated by the Dean FoA and sent to Deputy Registrar (Estt.). The teachers are advised to improve in the areas where there is scope of improvement where their performance was not well.
- Evaluation of teachers is carried out through feedback proforma from students.
- The Programme of work focused on research needs of the region is prepared and presented by the students before the faculty. Accordingly, the synopses and theses work of PG students is approved by Departmental Research Advisory Committee and finally approved by the Dean, FoA.
- CCTV camaras have been installed in lecture rooms for regular surveillance.
- Open house meetings are conducted by the Dean to find out the issues related to academics and campus life of students.

6.5.1.2.2. Research

- The students' guide, Section Incharge and Dean make frequent visits to monitor the research activities in field and laboratories.

- The Action Plan and Technical Programme meetings are held under the chairmanship of Dean along with concerned Section Incharge to plan, review and monitor the research work.
- The Head (R&D) Cell also monitors the research output of individual faculty member as well as PG/Ph.D students.
- Monthly meetings with the central authority of MM(DU) are held to review the research output of the FoA.

6.5.1.2.3. Extension

- Extension activities to be conducted by faculty members are planned in the Departmental Committee. The extension activities are also monitored by the respective Section Incharges and the Dean.
- Outside diaries and our Programmes are approved by the competent authority.
- Students are trained to organize extension activities in villages to disseminate new knowledge to the farmers and collect feedback from the farmers for bringing further improvements.
- Students take part in extension activities regularly during Rural Agriculture Work Experience (RAWE) in their allotted villages and occasionally in the nearby adopted villages. Interaction with the farmers expand their existing knowledge and skill regarding agricultural practices.
- Students participate in extension activities namely 'Krishi Mela', 'Kisan Gosthi', Agro-Technology Exhibition, Live Demonstration, Exposure Visits, etc. to acquire the latest technology on various aspects of agriculture.

6.5.1.2.4. Impact of Monitoring on Outcome

The above-mentioned systems are in place and found to be very effective in overall monitoring and improving academic performance of the students. Impact of this is visible in increasing number of students taking admission in higher degrees as well as improvement in research output, academic results, overall involvement of students and faculty members in departmental progress.

- **RAWE** focuses on strengthening capacity of individual students so that they can respond to the farmers' quest and promote issues related to such aspects in their service career. RAWE programme leads to capacity building among students for establishing their own startup.

- **Rural Experience:** Students assume full responsibility to operate individually and in small groups to interact with farmers during stay in villages for 65 days. They prepare

survey schedule, identify issues and constraints in farming system and analyze factors involved in the sustainability of overall system in the village. Students learn how farmers determine and manage their resources and prepare a document, which is presented to the course faculty at the end of the course. This helps students to learn village artisans, rural marketing system and to adopt diverse socio-economic rural settings and to inculcate the feelings for cooperation among the group and with farmers.

- **Agro-Industrial Attachment:** The students gain a substantial experience through five weeks interaction with agro-based industries. The experience of commercial environment further advances their practical knowledge in communication skills and working in a team. Some students got direct interaction with perspective employer and get the job according to individual capability. The students work on specified projects and document the project output for further planning and execution of commercial activities related to the project. Also, the students learn to plan and scale up the agri-ventures.

- **National Service Scheme (NSS)** is considered as a part of academic studies for the undergraduate students of FoA. It plays an important role in mobilizing the students in community service, group living and sharing and to acquire transition from "NOT ME BUT YOU". The students participate in all important national and international Day Celebrations and learn to work together in harmony.

6.5.1.3. CC/ Board of Studies

The FoA has Curriculum Committee (CC) at the Section level, Board of Studies (BOS) and FoA committee at Faculty level. The Chairman of the Board of Studies (BOS) submits his recommendations to the Dean of the Faculty for placing it in the faculty meeting.

2020-21	10-11-2020	➢ Approval of the scheme and syllabi for B.Sc. (Hons.) Agriculture for 1st & 2nd Sem. for Batch 2020-21 was accorded. ➢ Approval of the scheme and syllabi of M.Sc. Agronomy and Entomology for 1st & 2nd Sem for batch 2020-21 was accorded.
	09-04-2021	➢ Approval of the scheme and syllabi for B.Sc. (Hons.) Agriculture for 3rd, 4th, 5th, 6th, 7th and 8th Sem. for batch 2020-21 was accorded. ➢ Approval of scheme and syllabi of M.Sc. Agronomy and Entomology for 3rd and 4th Sem. was accorded.

		➢ Revised scheme and syllabi for B.Sc. (Hons.) Agriculture for 1st & 2nd Sem for Batch 2021-22 were approved. ➢ Approval of the scheme and syllabus of PhD Agronomy from the session 2021-22was approved.
2021-22	20-07-2021	➢ Review and approval of the scheme, structure and syllabus for both UG and PG Programs for the session 2021-22.
2022-23	30-07-2022	➢ Review and approval of the scheme, structure and syllabi of the existing programs i.e., B.Sc. (Hons) Agriculture; Integrated B.Sc. (Hons); M. Sc. Agronomy; M.Sc. Entomology and Ph. D Agronomy for the session for 2022-23 was accorded. ➢ Approval of Panels of Paper Setter/Examiners was accorded. ➢ Introduction and approval of Value-Added Courses were accorded.
2022-2023	29-03-2023	➢ Review and approval of the scheme, structure and of the existing programs i.e. B.Sc. (Hons) Agriculture; Integrated B.Sc (Hons) Agriculture; M.Sc. Agronomy; M.Sc. Entomology and Ph.D Agronomy syllabus for the session for 2023-24 were accorded. ➢ B. Sc (Hons.) Agriculture 1st Semester, the credit hours for the subject Fundamentals of Biochemistry & Biotechnology (BCT 101A) has been increased from 3 to 4. ➢ B. Sc (Hons.) Agriculture 4th Semester, elective subject Micropropagation Technologies (ELEC VIII) will be introduced in place of subject Protected Cultivation (ELEC VII). ➢ B. Sc (Hons.) Agriculture 7th and 8th Semester as ex post facto consideration was approved in the evaluation as both semesters will be evaluated as external practical for the session 2022-23 and same will be adopted for the session 2023-24 onwards. ➢ Ph. D Agronomy, ex post-facto approval of the course Research and Publication Ethics (MP-06) and Departmental Elective changed to Departmental Subject with code MP-05 (I) & (II) for session 2022-23 was accorded. Both elective subjects are compulsory in FoA. The same will be adopted for the session 2023-24 onwards.

6.5.1.4. Anti-Ragging Cell

The MM(DU) is following all the UGC regulations in letter and spirit for curbing the menace of ragging in the college, hostels, farm, playground, etc. Anti-Ragging Cell (ARC) is constituted as per the UGC regulations (No. 822/Gen. dated 18.01.2018) for curbing the menace of ragging and for creating peaceful atmosphere both in University and Faculty. Anti-ragging squad is constituted at both university and faculty level.

Table 6.5.1.4.1. Constitution of Anti-Ragging Flying Squad at MM(DU)

S. No.	Name	Details
1	Anti-Ragging Committee Details	Annexure 6.5.1.4.1

6.5.1.5. Biological Waste Disposal Facility

The MM(DU) with faculties of medical, dental, nursing, etc. has guidelines for disposal of biological waste disposal guidelines as well as facilities for the same. The following facilities are available at the MM(DU) level. (Annexure 6.5.1.5)

1. Solid Waste Management: Blue and green coloured dustbins for dry waste and wet waste, respectively are placed in corners of the entire campus in order to easily segregate the biodegradable and non-biodegradable waste. The supervisors ensure the collection of the routine waste at allotted time in each block of the campus. Later, through the mobile trash bins the entire collected waste is emptied in the dumping yard. The waste from the dumping yard is collected by the authorized vendors for further processing. Students are also motivated to make good use of the dry solid waste to make decorative items, by organizing competitions like “Best out of Waste”.

2. Liquid Waste Management: The liquid waste is categorized into two types:

- Sewage Waste: The sewage waste is collected through the well-constructed underground drainage system leading to the large collection tanks in the Sewage Treatment Plant for recycling. Treated water is pumped through sprinklers and overhead tanks to all the lawns.

- Laundry, laboratories and kitchen waste is passed through the Sewage Treatment Plants and Effluent Treatment Plant and the treated water is used for sanitation and irrigation.

3. Biomedical Waste Management: The MM(DU) has adopted the Bio-Medical Waste Management Rules, 2016.

Table 6.5.1.5. Biomedical Waste Management

Types of Waste	Type of Bag or Container to be used
Human anatomical waste, Solid waste, Expired or Discarded Medicines, Chemical waste, discarded linens contaminated with blood or body fluid, microbiology, biotechnology and other clinical laboratory waste	Yellow coloured non-chlorinated plastic bags or containers.
Contaminated waste (Recyclable)	Red-coloured non-chlorinated plastic bags or containers
Glassware and metallic body implants	Blue boxes

Rudraksh Enviro Care Pvt. Ltd., Naraiangarh, authorized by the Haryana State Pollution Control Board (HSPCB), Panchkula for the disposal of Bio-Medical Waste on monthly basis, has been engaged by the MM (DU) to remove the waste regularly for further disposal.

4. Waste Recycling System: Waste recycling plants namely Sewage Treatment Plants (STPs) and Effluent Treatment Plants (ETPs) system are present in the Campus for liquid waste water recycling.

- Number of Sewage Treatment Plants: 02
- Number of Effluent Treatment Plant: 01

5. Hazardous Chemicals and Radioactive Waste Management: Standard Operating Procedure is followed for the hazardous chemicals and radioactive waste disposal.

6.5.1.7. Committee for Prevention of Sexual Harassment of Women at Work Places

The MM(DU) is adhering to the guidelines for prevention of sexual harassment of women at workplace. It has constituted a committee for the same. (Annexure 6.5.1.7). The committee conducts the meetings and submits its report to the Dean. Complaints, if any, are redressed and mentioned in the annual report of the Faculty.

6.5.2.2. Profile of Faculty (Departmentwise)

The present Departmentwise faculty profile is sufficient to teach and guide the students of both UG and PG programmes. In addition, as per requirement, teachers from Department of Applied Sciences and other Departments are also involved in meeting the academic requirements of the students.

6.5.2.3. Credentials of the Faculty

The FoA is striving hard to accomplish its mission by appointing 100% faculty having Ph.D. and/or NET qualified. Among them more than 20% are senior professors having varied experience in Crop Production, Crop Improvement, Crop Protection, Horticulture, Biotechnology, Livestock Production and Management, Agriculture Engineering, Farm Management, etc. The detailed credentials of all the faculty members are as under:

Table 6.5.2.3. Credentials of The Faculty Employed

S.No.	Name of Faculty	Position	Highest qualification	Professional licensure & certification	Exp. (Years/ Months)	Honors/ Awards
Agronomy						
1	Dr. Ishwar Singh	Professor	PhD	-	33 years	1. Merit scholarship in B.Sc. 2. FAO, ICAR AHRD training Fellow, ORDC Wooster, Ohio State University Columbus USA
2	Dr. Vikas Tomar	Assistant Professor	PhD	-	4 years	Best Scientist Associate Award
3	Dr. Pooja	Assistant Professor	PhD	ICAR NET	1.5 years	-
4	Dr. Akshay Ujjwal	Assistant Professor	PhD	-	-	-

5	Dr. Amit Dhankar	Assistant Professor	PhD	ICAR NET	-	Fellowship under "ICAR-State Agriculture University, Merit Scholarship Scheme" obtained during UG, M.Sc. and Ph.D.; Qualified ICAR-National Eligibility Test (NET); Obtained 83.4 per cent in NET exam conducted by Agricultural Scientist Recruitment Board (ASRB), and was eligible for ASRB Mains exam in Agronomy discipline; Secured 4 th rank in Haryana Master's entrance exam (2017) and 2 nd rank in Ph.D. entrance exam (2019) conducted by CCS Haryana Agricultural University, Hisar (Haryana).
6	Mr. Deepak Laura	Assistant Professor	M.Sc., PhD (Pursuing)	ICAR NET	-	Prime Minister Fellowship Scholar; Visiting Research Scholar, Australia; Visiting Research Scholar, USA; Visiting Research Scholar, United Kingdom; Visiting Research Scholar, Turkey
7	Ms. Amandeep Sharma	Assistant Professor	M.Sc.	-	3 years	Merit Certificate in BSc and roll of honour and gold medallist in MSc.
8.	Ms. Gurvinder Kaur	Assistant professor	M.Sc., PhD (Pursuing)	-	-	-
9.	Mr. Jagmohan	Tutor	M.Sc., PhD (Pursuing)	-	-	-
Genetics and Plant Breeding						
10	Dr. R.P. Saharan	Professor	PhD	Fellow ISGPB, Fellow SCGI	40 years	1st position in elective subject i.e. Genetics and Plant Breeding, ICAR scholarship in B.Sc., University merit scholarship in M.Sc., CSIR SRF in PhD, Advanced training in Plant Molecular Biology, SAC, Achincruve, Scotland, UK, contribution in the development of wheat varieties viz: WH1105, WH1124, WH1142, WH1184
11	Dr. Kuldeep Kumar	Associate professor	PhD	-	9 years	M.Sc. Ag. (Gold Medalist), DST INSPIRE National Award (Government of India). Young Faculty Award 2021 (IBRF); Qualified "Livestock Extension Officer Examination – 2013", Government of

						Uttarakhand; Young Faculty Award 2021, awarded by International Benevolent Research Foundation, Kolkota WB.

29	Ms. Shivani Bajaj	Assistant Professor	NA	UGC NET	5 years	NA
Soil Science						
30	Dr. N.K. Tiwari	Associate Professor	PhD	-	9 years	Best Innovation Award-2, Young Scientists Award-2, Best Poster Award, Best Thesis Award
31	Mr. Amit Singh	Assistant Professor	PhD (Pursuing)	-	5 years, 3 months	Young Scientist Award
32	Ms. Babita Bharti	Assistant Professor	M Sc	-	6 years	NA
Entomology						
33	Dr. Lokender Kashyap	Associate Professor	PhD	ICAR NET	9 years, 6 months	Best oral presentation award, Best Teacher award, Young Scientist Award
34	Dr. Rakesh Kumar	Assistant Professor	PhD	JRF and SRF	12 years and 7 months	JRF and SRF at Punjabi University Patiala, 2nd position in oral presentation in National Seminar

35	Dr. Vikas Chauhan	Assistant Professor	PhD	ICAR NET	4 years, 7 months	NA
36	Dr. Neha Negi	Assistant professor	PhD	-	-	NA
37	Dr. Deepak Kumar	Assistant professor	PhD	ICAR NET	3 months	Second prize in best poster presentation in PAAS 2020 (An International Conference); Awarded with certificate of appreciation by The Science World Magazine; Best NSS volunteer in NSS during Academics; ICAR- SRF AIR- 11 in 2019
38	Dr. Sonali Sharma	Assistant professor	PhD	-	-	Got merit scholarship for 2 years during PhD programme; B.Sc. Experiential learning one year experience in processing of fruits and vegetables for value addition (2015-2016)
Biochemistry and Physiology						
39	Dr. Satish Kumar	Associate Professor	PhD	-	19 years	Academic Excellence Award, Best Teacher Award for UG and PG
40	Dr. Brajesh K Mishra	Associate Professor	PhD	-	10 years, 11 months	All India Competitive Examination of ICAR for Senior Research Fellowship/ Admission in Ph.D. Programme 2007-08; University Grants Commission, Research Fellowship during Ph. D. Programme.
41	Dr. Ridhima Arya	Assistant Professor	PhD	M. Phil. awarded in 2009 exempted from Net as Per UGC notification	9 years	University Academic Honour at LPU, Phagwara, Gold medal award of Excellence for PhD research work at Indian National Science Congress held at Baba Farid University of Health Sciences, Faridkot
Agriculture Extension Education						
42	Dr. Pooja Karki	Assistant Professor	PhD	ICAR NET	-	Received the Young Scientist Award for a poster presentation at the UCOST Conference • Special recognition prize for producing video on "Community Radio for Women Empowerment" for CEMCA 5th community radio video challenge 2018. • Received second prize in the "Impact Electrification in Education Empowerment competition" by "Government of India Enterprise Rural Electrification Corporation Ltd". • Participated and secure 3rd prize in Parthenium Awareness Week quiz programme organized by AICRP on Weed Control at GBPUAT Pantnagar.

43	Dr. Dharmendra Singh	Assistant Professor	PhD	ICAR NET, UGC NET	-	Cleared ICAR ASRB - NET in Agriculture Extension, 2021; Cleared UGC NET in Adult and Continuing Education, 2022; Secured UGC- National Fellowship of OBC Award, 2022; Secured Gold Medal in Inter-college Cricket Competition- 2018
44	Ms. Pooja Rani	Assistant professor	M.Sc.	UGC NET	-	NA
Agriculture Engineering						
45	Er. Ramesh Chand	Assistant professor	PhD (pursuing)	-	20 years	
46	Er. Rahul Kumar	Assistant Professor	M. Tech. (Farm Machinery and Power Engineering)	GATE 2017	-	1. Appreciation for guiding Best Scholar's Research Project for the year 2020-21 2. Appreciation letter for academic performance from Ex. HRD Minister Dr. Kapil Sibbal 3. ISAE Convention Memorial Prize (University Toper -2 nd and 4th year of UG Program) 4. 6.5.3. Learning Resources

6.5.3.1. College Library (digital)

6.5.3.1.1 University Library

Apart from the Central Library, the FoA has its own library and provides to its students and staff a chance to explore a world of knowledge in a conducive environment. Libraries of MM(DU) cover a wide range of disciplines through the collection of Textbooks, Reference Books, Journals, e-books, e-databases, e-journals, manuscripts, CDs, DVDs, Newspapers,

Magazines, etc. Our library acquisition system follows the proper standard and norms during the procurement and subscriptions.

Availability of Wi-Fi: Yes

Automation of Library: Software for University Libraries (SOUL)

Figure 1.5.3.1.1 Central Library

Textbooks & Reference Volumes: Central Library of the MM(DU) has more than two lakh volumes of Textbooks and well-equipped reference material such as dictionaries, encyclopaedias, handbooks, manuals, directories etc.

Ancient Books/ Manuscripts/ Digitized Traditional Manuscripts and Discipline Specific Books in Ancient Indian Languages, Traditional Systems of Medicine: Manuscripts are the main foundation of historic evidence. Manuscripts are fading laterally with the period. Digital conservation of documents restores it from destruction, theft and falloff. Our Libraries have 425 such ancient books/manuscripts/digitized traditional manuscripts etc. for their users. The details of books, journals available in the central library are as under:

9.	e-Journals (International/National)	**18205**

Total Books = 216185 (Print) Total Books = 182448 (e-Books)

e-Databases and Other resources: Libraries have to deliver service in the area of research. For this purpose, the Central Library subscribes various important databases and software packages and has also been providing remote access to various databases to users with the help of Knimbus.

6.5.3.1.2 Departmental Library of FoA

Location: 1st Floor, FoA Block

Availability of Wi-Fi: Yes
Automation of Library: Software for University Libraries (SOUL)

Seating Capacity: 48

Digital Library: 5 Computer systems

Opening Hours: 08:50-20:00 Hrs

In FoA Library, there are 5175 Text Books with 307 titles, 12 National Print Journals, 5 magazines, 1941 e-journals.

(b) Instructional Farm

Out of a total of 42.70 ha of land available with FoA, more than 25 ha is utilized as a farm area including farms and stores available for students' practical, demonstration, practical crop production, crop cafeteria, PG research, EIUs etc. Another 10 ha of land is utilized for main building, hostels, residential quarters, playground and other amenities. The department-wise land provided is given below:

Table 6.5.3.2.2. Section-wise Land Availability for Practical, Demonstration and Research

S. No.	Department/Division/Section	Land Allocated (in ha)
1.	Agronomy (EIU available: UG practical demonstration)	6.0

2.	Vermicomposting unit	550 sq ft	Vermicompost pits are available for demonstration and production of vermicompost by the students as part of ELP module.
3.	Waste Management Unit	550 sq ft	Part of the ELP and for managing the farm, landscape unit, kitchen waste etc. and convert it into compost. Practical is conducted here by the students.
4.	Hydroponic Unit	150 sq ft	Hydroponic unit is established to demonstrate production technology of vegetable and flower crops in soilless culture to the students as part of ELP module.
5.	Bee-Keeping Unit	200 sq ft	Bee-keeping unit is established to house bee hives for rearing honey bees, production of honey and its processing as part of ELP module for students.
6.	Mushroom Unit	300 sq ft	Mushroom production unit is established to grow and demonstrate low-cost production technologies as part of ELP modules for students.
7.	Horticulture Research Area	6 ha	Several fruit crops are planted at farm for research and demonstration. The crops are used for plant growth studies, identification of insect pests and diseases.
8.	Horticulture Nursery including Floriculture and Landscape	½ acre	The nursery is used for raising seedlings of vegetable, fruit and flower crops and for landscape gardening by the students for ELP module and plant clinic.
9.	Crop cafeteria	0.75 ha	Crop cafeteria for field and horticultural crops and herbal park is used for students practical for identification of crops, their growth stages and habits.
10.	Cattle Shed	4000 sq ft	Cattles are reared in the shed to demonstrate feeding, housing and milking etc. A laboratory is available to conduct practical in livestock production management.
11.	Engineering Workshop	1000 sq ft	The farm tools and implements along with tractor are kept in the workshop for teaching, practical and research purpose.
13.	Farm power Machinery and Irrigation Facilities	As per requirement	The FoA has adequate Farm power machinery and irrigation facilities.

6.5.3.3. Student READY/In-Plant Training/Internship/Experiential Learning Programmes:

As per recommendations of ICAR- V Deans Committee report, the FoA has implemented all the above programmes as described below:

(a) **Rural Agriculture Work Experience (RAWE):** Under RAWE programmes Student READY/ In-Plant Training /Internship are covered. The details of these are as below:

Table 6.5.3.3.1. Duration of Various Activities of RAWE, AIA and Attachment in KVK/Research Station and Plant Clinic

Total weeks for RAWE & AIA			20	20

- In RAWE, the focus is on strengthening the capacity of individual student to respond to the queries of the farmers about field problems such as agronomic practices, plant protection measures, etc., which will be encountered in their future career.
- Students go to the allotted villages, organize awareness programmes, interact with farmers, visit field area and suggest suitable farm management practices.
- The program is monitored by a committee of teachers.

Learning outcomes:

RAWE: During this period, students visit the fields of host farmers to deliver the technical knowledge on crop production aspects and to get feedback regarding various problems being faced by farmers and also to improve their knowledge on practical aspects regarding implementation of production technologies. During their village placement, students learn

about the integrated farming systems, cropping patterns and crops, plant protection measures, indigenous traditional knowledge and socio-economic aspects of rural settings. Glimpses of some internship activities are presented below:

Figure 6.5.3.3.3. RAWE Students Organizing Farmers Meeting

(b) Experiential Learning Programme (ELP)

In second semester of final year, the students opt for two modules of skill development and entrepreneurship from the below listed modules:

Table 6.5.3.3.2. Modules for Skill Development and Entrepreneurship Under ELP

Paper Code	Title of the module	Credits
MOD-I	Production Technology for Bioagents and Biofertilizers	0+10
MOD-II	Seed Production and Technology	0+10
MOD-III	Mushroom Cultivation Technology	0+10
MOD-IV	Soil, Plant, Water and Seed Testing	0+10
MOD-V	Commercial Bee-keeping	0+10
MOD-VI	Poultry Production Technology	0+10
MOD-VII	Commercial Horticulture	0+10
MOD-VIII	Floriculture and Landscaping	0+10
MOD-IX	Food Processing	0+10
MOD-X	Agriculture Waste Management	0+10
MOD-XI	Organic Production Technology	0+10
MOD-XII	Fisheries	0+10

Outcomes:

Methods to prepare the vermicompost and farmyard manure were demonstrated to the farmers. The students shared information about various sources of farm credit, technical and infrastructure facilities for farmers through government scheme. Also, farmers were made aware about use of various resource conservation technologies (laser land leveller, leaf colour chart, zero tillage and happy seeder, etc.), besides schemes for promotion of horticultural crops. Students of different groups organized training for farmers of their respective villages on current issues viz. organic farming, precision agriculture, protected agriculture and climate smart agriculture with special reference to Haryana. Students made farmers aware about the importance of diversification in agriculture in emerging scenario of market and environmental issues.

Educational Tour:

As a part of the course curriculum, the students also undertake educational tours to other educational institutes/universities/research stations/KVKs/agro-industries, etc. The educational tours enable them to learn about new technologies in the field of agriculture and allied sectors besides their exposure to emerging trends in science and technology and blended teaching learning methodology.

6.5.3.4. Curricula Delivery through IT (Smart Class Rooms/Interactive Board, etc.):

The FoA uses Smart Class Rooms/Interactive Boards for curricula delivery through IT. A sufficient number of Class Rooms, Seminar Hall and Computer Lab equipped with facilities such as LAN, LCD, Projectors and Sound System is in place and used for teaching both UG and PG students. Each Class Room has a white-board. The Class Rooms are air conditioned. The class rooms are optimally utilized not only for routine teaching- learning activities but also for conducting seminars/webinars and video conferencing. These physical learning spaces are expanded with wireless connection to access online resources. The e-content is also developed by faculty and deployed on MM(DU) website for the use of students. The FoA faculty members also developed various presentations based on curriculum and share with students on LMS of MM(DU). The link is given below:

6.5.4. Student Development

The students are provided a wide range of educational experiences through programs and activities for overall academic and personality development both at university and faculty/college level.

The Sports and Cultural activities are organised by Directorate of Students Welfare at the University level. There are Academic, Arts and Social Clubs at the University level. In association with the renowned cricketer Mr. Yuvraj Singh, the MM(DU) has established “Yuvraj Singh Center of Excellence” cricket academies with the state-of-the-art infrastructure. Apart from “Yuvraj Singh Center of Excellence”, MM(DU) is also active member of Association of Indian Universities and different Sports Associations. Our teams participate in many local as well as inter University Tournaments. Competitions with local clubs and other institutions are frequently organized to encourage vibrant sports culture promoted by the Sports Club which maintains various outdoor and indoor sports facilities. A well-equipped Gymnasium is also available in the university.

Students are exposed to various programmes and activities through the following to complement and support their academic experience in the classroom.

(a) Competitive Examinations: There is a Central Placement Cell (CPC) which works in close coordination with different constituent institutes & group campuses. The CPC operates in a hub-spoke model. The MM(DU) has various Centres of Excellence,

where they offer opportunities to the students to be a part of professional network right at the campus itself. These Centres of Excellence have professionals and mentors which train students and involve them in industry projects. This is how students get to know more about work profile in the industry and move in sync with the world. The students are provided regular guidance and teaching to prepare for competitive examinations for fellowship and higher studies.

(b) **Internships and Placement:** There is a training and Placement Cell at the University level and at Section level responsibility lies with Dr Satish Kumar, Associate Prof. He remains in constant touch with the industry to provide internship and placement to the students. The Section provides the data to the placement cell and after processing the data, students are placed accordingly.

(c) **Academic Association:** Five faculty members and one student from FoA have attended 12th International Conference on Resource Management for Food, Agriculture, Environment and Health Sustainability during 14-16 September, 2022 organized by International Foundation for Sustainable Development in Africa & Asia Afro-Asian Studies Promotion at Mahatma Gandhi House, Theodor Heuss Str-11 37075, Goettingen Germany, in collaboration with HAWK University of Applied Sciences and Arts Von-Ossietzky-Str. 99, 37085 Goettingen, Germany and Society for Sustainable Agriculture and Resource Management (SSARAM), India.

6.5.4.1. Student Intake and Attrition

The information about student intake and attrition for the College as a whole but separated in UG, PG and PhD categories is provided in tabular form for the last five years.

6.5.4.3. Admission Process

The admission guidelines including number of sanctioned seats, eligibility, fees structure, last date of receipt of application forms, declaration of shortlisted students list and last date of submission of semester fees for UG, PG and Ph.D programmes are advertised well in advance on the MM(DU) website.

6.5.4.3.1. Fee Payment Mechanism: The admission form can be obtained from the Administrative Office of this Deemed to be University on payment of Rs. 1200/- (US $ 35 in case of NRI/Foreign Nationals). Admission form can also be obtained by post by sending DD of Rs. 1250/- in favour of the Registrar of MM(DU). The Admission Form can also be downloaded from the website of MM(DU). Admission forms can also be filled online on MM(DU) website www.mmumullana.org. However, such candidates will have to enclose a DD of Rs.1250/- with the downloaded Admission Form.

6.5.4.3.2. Eligibility for Admission

The admission schedule along with last date for the receipt of admission forms and fees structure is approved by the Vice-Chancellor for every academic year. The candidates are required to submit their applications for admission as per the schedule announced in the Newspaper(s)/ MM(DU) Website.

Table 6.5.4.3.2.1. Eligibility Criteria, Course Duration and Fees of UG and PG Degree Programmes

S. No.	Degree Programme	Annual Intake (No.)	Duration (No. of Semester)	Entry Qualification
1	B.Sc. (Hons.) Agriculture	180	8	The candidate should have passed Senior Secondary (10+2) examination from recognized Board/University with 5 subjects including English as one of the subjects or equivalent examination with Physics, Chemistry, Biology/Mathematics or Agriculture stream with 50% marks (45% for SC/ST candidates).
2	M.Sc Agriculture (Agronomy)	30	4	The candidate should have passed B. Sc. Agriculture or equivalent from a recognized university with 60% marks (50% marks in case of SC/ST candidates).
3	M.Sc Agriculture (Entomology)	30	4	The candidate should have passed any of the following: • Bachelor of Science in Agriculture • Bachelor of Science in Horticulture • Bachelor of Science in Forestry from a recognized university with 60% or equivalent marks (50% marks in case of SC/ST candidates).

6.5.4.3.3. Selection of candidates for admission

For admission to B. Sc (Hons.) Agriculture, a candidate should have passed Senior Secondary (10+2) examination from a recognized Board/University with 5 subjects including English as one of the subjects or equivalent examination with Physics, Chemistry, Biology/Mathematics or Agriculture stream with 50% marks (45% for SC/ST categories). For admission to M. Sc Agronomy, a candidate should have passed B. Sc. Agriculture or equivalent from a recognized university with 60% marks (50% marks in the case of SC/ST candidates). For admission to M.Sc Entomology, the candidate should have passed any of the following: Bachelor of Science in Agriculture or Bachelor of Science in Horticulture or Bachelor of Science in Forestry from a recognized University with 60% or equivalent marks (50% marks in case of SC/ST candidates

6.5.4.3.4. Registration procedure

After the selection for admission, the student has to present himself/herself in the Students Section of the faculty for the registration. In absentia, registration is allowed under specific

cases only. All types of fees viz., tuition, hostel fee etc. has to be paid by the students at the fee counter.

6.5.4.3.5. Academic Calendar

Every year an academic calendar is approved by the Vice Chancellor of the MM(DU) for UG and PG degree programmes which is notified on University website and implemented by each faculty. Accordingly, registration is done in each semester. Fee is to be paid as given in the information brochure of the faculty which is made available on-line as well as off-line. All examinations are conducted as per schedule provided in the academic calendar (online) and reproduced below for the session 2022-23:

Note:

1. 'Registration' of a student shall be treated as completed, provided he /she has deposited the semester fee within the prescribed period of each semester.
2. Activity calendar will be notified seprately by Dean Students Welfare.

6.5.4.4. Conduct of Practical and Hands on Training

Each practical class is of two hours. In B.Sc. (Hons.) Agriculture, there are two groups of each class; and Masters whole class is taught in one batch. The state-of-the-art facilities are available in the Department for conduct of practical. All the laboratories viz; Agronomy, Horticulture, Entomology, Soil Science, Plant Pathology, Biotechnology, Plant Breeding and Genetics, Agri-Engineering, Agri-Informatics, Agri-economics, Extension Education are well equipped and have sufficient consumable chemicals and glassware's for the conduct of Practical. Charts and Models are available in laboratories as per requirements of the curriculum. For the conduct of research trials, all the requisite field facilities are also available.

Hands –on-Training:

- For hands on training modules of Bee-keeping, Mushroom Cultivation, Waste Management, Commercial Horticulture, Seed Production, Organic Farming are in place in the faculty and used by the students.
- Value added courses of 16 contact hours were offered to emphasize more on hands-on-training. The courses were: i) Waste Recycling by Vermi-Composting; ii) Mushroom Production Technology; iii) Post-Harvest Management of Horticultural Crops; and iv) Pesticides Application Techniques for Pest Management.
- A number of MoUs have been signed with public and private sector organizations for students' internship, training and research projects.
- List of Collaborations signed to strengthen students teaching and research activities are as under:

Sr. No.	Name of the Organization
1	National Seed Corporation, MOA and FW, GOI New Delhi
2	Just Agriculture -The Magazine
3	AFRO ASIAN Studies Promotion Association, Mahatma Gandhi House, Theodor Haus, Str-1137075, Goettingen, Germany
4	Harbir Nursery, Village Dadlu, Tehsil Shahbad, Distt Kurukshetra
5	DMR, Solan (Under Process)
6	RAU, Cirencester, UK (Under Process)

- Educational Tours and Students' Visits are organized to agro-industries, research institutes and KVKs comprising of fruit processing, cold storage, post-harvest and marketing management (sorting, grading, packing), rice mill, poultry (layer, broiler and indigenous breeds), poultry feed, sugar mill, dairy (co-operative and private), milk collection, chilling, processing; processing mill, nursery (government and private), agro service center, etc.

6.5.4.5. Examination and Evaluation Process

The MM(DU) has full-fledged examination module, which is the part of University ERP system. The students (UG, PG, PhD) fill their examination forms through ERP and their Date sheet, Admit Card and Results are available on the individual portal of each student.

6.5.4.5.1. UG Program

6.5.4.5.1.1. Examination Process

The faculty follows 100% the recommendations of ICAR- V Deans' Committee for examination and evaluation process.

Setting of Question Papers

- The Head of the Department/Dean of the Faculty supplies the panel of internal and external examiners duly approved by the Board of Studies, well in time to the Controller of Examinations. The paper(s) are set by the examiner(s) nominated by the Vice Chancellor from the panel of examiners.
- Paper to be set by external: HOD/Dean ensures the coverage of syllabi. Evaluation is done internally by the faculty other than the Course Instructor. Syllabi of the

concerned courses are sent to the external examiners, who prepare the Question Papers.

- An examiner is allowed to set not more than two Question Papers in a semester examination.
- For practical, the examination is conducted by examiners appointed out of the panel approved by BOS.
- Duration of end-semester theory examination is 03 hours and of practical 02 hours.

6.5.4.5.1.2. Evaluation Process

External Components:

For each Theory subject, External Marks are **60** with the following break-up:

(a)	Number of Questions to be attempted	5
(b)	Marks for Each Question	12 Marks
(c)	Total Marks	60 Marks

External marks for each Lab Course are **40** marks with the following break-up:

(a)	Written	10 Marks
(b)	Performance of Experiment/ Task/Programme	10 Marks
(c)	Lab File	10 Marks
(d)	Viva-Voce	10 Marks

Internal Components:

Sessional Marks for each Theory subject are **40** marks with the following break-up:

(a)	Sessional Test	15 Marks (Minimum Two Tests)
(b)	Attendance	10 Marks (in proportion to the percentage of classes attended)
(c)	Class/Home Assignment	15 Marks

Sessional marks for each Lab course are **60** marks with the following break-up:

(a)	Attendance	10 Marks (In proportion to the percentage of classes attended)

(b)	Performance of experiment/ Task/programme	30 Marks
(c)	Lab File	10 Marks
(d)	Viva-Voce	10 Marks

Evaluation of Answer Books

After the examination, the Answer Books are got evaluated by the Secrecy Branch of Examination Wing by internal/external faculty members to be nominated by the Controller of Examinations. In case, such examiner does not evaluate the Answer Books in the given schedule, the Controller of Examinations may get the answer book(s) evaluated from any other expert in the subject.

Evaluation of RAWE Programme:

The performance of the students in all components of RAWE programme is evaluated by a Committee of Teachers constituted by the Dean. Each component is evaluated separately.

6.5.4.5.1.3. Practical Examination

On proposal of Dean, FoA, the Controller of Examinations gets the practical examinations conducted after release of the practical date sheet according to which a Course Instructor(s) and one Teacher nominated by the Dean/HOD are assigned the duty.

The External Examiner as nominated by the Dean/HOD to evaluate the practical examination of the students as per respective subject. The panel for External Examiners is sent to the Examination Branch as per nominees assigned by the Dean for particular subjects.

6.5.4.5.2. PG Program

1. Head of the Department is responsible for maintenance of Academic Standards in the Department.
2. Head of the Department ensures that a supervisor is assigned to each of the student within one month after admission in consultation with the post-graduate faculty of the Department in which the student is doing his/her major work. Besides this, an Advisory Committee is constituted for each student which is approved by the Head of Department with the recommendations of the supervisor in the same semester.

The members of the Advisory Committee are from the postgraduate faculty. Head of the Department ensures that supervisors are appointed in time. The supervisors are to be appointed adequately in advance so that they are in a position to guide the students for preparing and submitting programme of work and synopsis.

3. The Advisory Committee consists of at least two members of the PG faculty including the supervisor representing the major subject and at least one member of PG faculty representing the minor and supporting subject. The supervisor is designated as the Chairman of the Advisory Committee. However, if it is not possible to have two members to represent the major subject, the Head of the Department can approve the constitution of Advisory Committee with only one Advisor from the major subject and approve the appointment of a second member from a closely related field.
4. The Departmental Research Committee (DRC) meets at least once in a semester and the supervisor sends proceedings of the meeting to the Head of Department.
5. Co-supervisor may be appointed by the Head of the Department on the recommendations of supervisor under the following conditions:
    i. Where there is inter-institutional collaboration with an outside agency.
    ii. Where there is distinct split in the research programme extending to Minor/supporting field.

The Advisory Committee guides a student in the choice of courses in the major and minor field, in the selection of a suitable research problem for the thesis and in all other matters relating to the student's academic activities. Supervisor ensures that the 'programme of work' is submitted and got approved by M.Sc. student through supervisor from the Head of Department within four months after admission failing which admission shall stand cancelled.

6.5.4.5.2.1. Examination Process

Setting of Question Papers:

Three sets of question paper are submitted in cover by the concerned internal examiner to Controller of Examinations through proper channel and the Controller of Examinations chooses one set for conducting the end term examination.

The maximum attendance for calculation of attendance component of Internal marks is 90% of total scheduled periods. Marks are awarded proportionate to the attendance.

The marks in the Internal Assessment are awarded by the teacher concerned and countersigned by the Head of the Department and the same is forwarded to the Controller of Examinations one week before the commencement of examination of the Semester failing which the Head of the Institute/Department is personally responsible for suitable action for delay.

6.5.4.5.2.2. Evaluation Process

Distribution of Marks:

External Components-

External Marks for each Theory subject are **60** marks with the following break-up:

(a)	Number of Questions	5
(b)	Marks for Each Question	12 Marks
(c)	Total Marks	60 Marks

External marks for each Lab course are **40** marks with the following break-up:

(a)	Written	10 Marks
(b)	Performance of experiment/ Task/programme	10 Marks
(c)	Lab File	10 Marks
(d)	Viva-Voce	10 Marks

Internal Components-

(i) Sessional Marks for each Theory subject are 40 marks with the following breakup:

(a)	Sessional Test	15 Marks (Minimum Two Tests)
(b)	Attendance	10 Marks (in proportion to the percentage of classes attended)
(c)	Class/Home Assignment	15 Marks

(ii) **Sessional marks for each Lab course are 60 marks with the following break-up:**

(a)	Attendance	10 Marks (In proportion to the percentage of classes attended).
(b)	Performance of the experiment/ Task/programme	30 Marks
(c)	Lab File	10 Marks
(d)	Viva-Voce	10 Marks

Evaluation of Answer Books:

The answer books are evaluated either by paper-setter or by any other internal or external examiner to be nominated by the Controller of Examinations. In case, such examiner does not evaluate the answer books in the given schedule, the Controller of Examinations may get the answer book(s) evaluated from any other expert in the subject with the approval of the Vice Chancellor.

6.5.4.5.2.3. Practical Examination

On proposal from the Dean, FoA, the Controller of Examinations gets conducted the practical examinations after release of the practical date sheet according to which a Course Instructor(s) and one External Examiner nominated by the Dean/HOD are assigned for the duty. The External Examiner as nominated by the Dean/HOD evaluate the practical examination of the students as per respective subject. The panel for external examination is being sent to Examination Branch as per nominees assigned by the Dean of the department for particular subjects.

6.5.4.5.3. PhD Programme

1. Ph. D Programme is for a minimum duration of three years including the Course Work and a maximum duration of six years from the date of admission to the Ph. D Programme. Women candidates are allowed certain relaxations in maximum duration.
2. **Course work**: The Credit requirement for the Ph.D. Course Work is a minimum of 12 credits, including a "Research and Publication Ethics" course as notified by UGC vide D.O. No.F.1-1/2018(Journal/CARE) in 2019 and a research methodology course. The RAC can also recommend UGC recognized online courses as part of the credit requirements for the Ph.D. programme. A Ph.D. scholar must obtain a

minimum of 55% marks or its equivalent grade in the UGC 10-point scale in the course work to be eligible to continue in the programme and submit his or her thesis.

3. **Thesis Evaluation and Assessment:** Upon satisfactory completion of Course Work as stated above, Ph. D. scholar is required to undertake research work and produce a draft thesis. Before submitting the thesis, the Ph. D. scholar makes a presentation before the RAC, which is open to all faculty members and research scholars/students and thereafter submits the thesis within three months from the date of presentation or up to the date of the expiry period of the Ph. D. registration whichever is earlier.
4. A Ph. D. scholar submits the thesis for evaluation along with an undertaking of NO Plagiarism and a Certificate from research Supervisor attesting to the originality of the thesis. The thesis is evaluated by the research supervisor and at least two external examiners of the rank of Professor at reputed University/Institution, who are experts in the field selected by the Vice-Chancellor from a panel of names of eminent Professors recommended by the Board of Studies comprising 5 Professors from India and 5 from Abroad. The viva-voce of the Ph. D. scholar to defend the thesis is conducted if both the external examiners recommend acceptance of the thesis after incorporation of the corrections, if any, suggested by them. The MM(DU) tries to complete the entire process of evaluating a Ph. D. thesis including declaration of the result within a period of 6 months from the date of submission of the thesis.

6.5.4.6. NCC/NSS Units

NSS Unit

NSS is offered as non-gradial compulsory course in first semester of first year of B.Sc. (Hons.) Agriculture. The Department of Agriculture Extension Education organizes activities under NSS.

Figure 6.5.4.6.1. Students of NSS Class on a Cleanliness Drive and Plantation Drive in Nearby Area

NCC Unit

NCC wing is started in the MM(DU) from its initiation. Students of B.Sc. (Hons.) Agriculture are also enrolled in NCC. The office of Dean of Students Welfare coordinates the NCC program.

Figure 6.5.4.6.2. NCC Program for B.Sc. Agriculture Students

The NSS volunteers are greatly benefitted by its various activities. The attitude and personality of students change through community work, motivational lectures and sense of responsibility to the environment by plantation drives. Self-discipline and social awareness are imbibed in volunteers.

6.5.4.7. Language Laboratory

FoA has a Language Lab with 30 computers equipped with language software. Students get exposure to different modules with lot of activities to improve their language skills (listening, speaking, reading and writing). One Assistant Professor (English) acts as Incharge of the Language Lab and assigned with the load of language lab for all the students of FoA. Some of the major experiments conducted are on Listening, Comprehension, Oral Communication, Conversation Practice, Reading Skills, etc.

Figure 6.5.4.7. Language Laboratory

6.5.4.8. Cultural Centre

The students, faculty and staff participate in various co-curricular, extracurricular and sports activities organized by MM(DU) and FoA. There are various number of clubs where students and faculty participate on regular basis. At MM(DU) level, there are many social, religious and multicultural activities namely Teachers Day, International Women Day, etc.

The MM(DU) has Cultural Centre for students of Faculty which works under the DSW office. There are multiple clubs such as dance, singing, art and craft, theatre, music instrumentation, sports, etc. Each club is headed by a mentor and is provided space to plan, organize and involve students in its activities. Important national events/days, annual tournaments, competitions are regularly organized among the various Faculties. Students participate in inter-university and intra-faculty tournaments and competitions. Talent hunt programmes are organized for students. This provides opportunities of positive interaction, intellectual growth to the students and in all the way to become good citizen of the country.

Figure 6.5.4.8.3. Teacher's Day Celebration at FoA

6.5.4.9. Personality Development

The focus of educational institutes should always remain on the overall personality development of the students so that they compete in the challenging environment and be self-dependent. Personality development programmes are considered as the main contributors to employability of students. Students are motivated to participate in various competitions at College, University, State and National levels which motivate students for overall personality development. The number of students' placement has been increasing year-by-year through the following:

- Corporate Resource Centre (CRC) of the MM(DU) in association with Centre of Languages and Communication (CLC) which organizes training sessions that includes communication skills, reasoning ability, group discussion, presentation skills, interview and motivational talks.
- Top civil servants, IAS, IPS, Industrialists and Entrepreneurs are regularly invited for personality development and motivation lectures and interactive sessions.

6.5.5 Physical Facilities

The list of available physical facilities at MM(DU) may be seen online- https://www.mmumullana.org/campus-facility. Further details are available at Annexure 6.5.5.1.

6.5.5.1 Hostels

MM (DU) has 16 Hostels of which 4 are dedicated to boys while 7 are allocated exclusively for girls. Two hostels are earmarked for PG students while one Hostel is reserved for the foreign students. MM(DU) has a capacity of accommodating 5500 students in its Hostels, where their stay is quite comfortable with all amenities and homelike delicious food.

The room capacity of different Hostels varies from single to triple seater (AC/Non-AC) with attached Washroom and Toilets. Each Hostel has a Common Room well equipped with television/magazine/newspapers etc; apart from indoor recreational activities and basic gym facilities along with Free Wi-Fi.

Day-to-day Management of Sports Facilities:

The Sports facilities at the MM(DU) are managed by the Dean Students Welfare. The day-to-day management and use are coordinated by Sports Officer.

At the University level, the Dean Students Welfare organises various sports activities. In association with the renowned cricketer Mr. Yuvraj Singh, MM(DU) has established "Yuvraj Singh Center of Excellence" cricket academy with the state-of-the-art infrastructure. Apart from YSCE, MM(DU) is active member of Association of Indian Universities and different Sports Associations. Our teams participate in many local as well as Inter-Varsity tournaments. Competitions with local clubs and other institutions are frequently organized to encourage vibrant sports culture promoted by the Sports Club which maintains various outdoor and indoor sports facilities.

6.5.5.4. Auditorium

Yes, the faculty has Auditorium as central facility. The auditorium is used for educational and co-curricular activities as and when required. Lectures on career development, personality development and motivational development are delivered by Eminent Personalities of different fields. International conferences, webinars, workshops are also organised.

University Auditorium: established in year 2006

Sitting capacity: 1500

FoA Assembly Hall: established in year 2013

Sitting capacity: 300

6.5.5.5 Exhibition Hall/Museum:

Museum of farm machinery models, farm tools, seeds, fertilizers, pesticides, herbarium, charts, ornamental plants is available in FoA. The museum is used for teaching students about identification of the items kept there. Training of the farmers is conducted in the Museum where the skills and knowledge regarding new varieties of Seeds and different species of agronomical and horticultural crops are provided.

6.5.6. Research Facilities

6.5.6.1. Postgraduate Laboratories and Equipment

The faculty is running a PG program in Agronomy and Entomology. The departments have PG laboratory and research farm/unit attached for PG research and teaching.

Farm machinery and equipment such as tractor, tractor drawn seed-cum-fertilizer drill, cultivator, harrow, drip and sprinkler systems and all other hand operating farm equipment.

The MM(DU) nurtures various research activities that offer a plethora of opportunities for research funding in vibrant multidisciplinary environment. It also provides the state-of-the-art infrastructure and technological inputs to the researchers, staff and students to expand their boundaries of knowledge. It has contributed extensively to a wide range of publication of books and online journals for worldwide readership.

6.5.6.2. Research Contingency

A project entitled “Establishment of Static Soil Testing Laboratory (STL)” unit worth rupees 75 lacs has been sanctioned by Department of Agriculture and Farmers Welfare, Government of Haryana. Various other projects are in pipeline. Soil, water and plant samples from farmers will be invited for their analysis and accordingly fertilizer

recommendation will be done. Our M.Sc. and Ph.D students will also do their analytical work in this lab.

Apart from the research facilities, PhD Scholars are also awarded fellowships of Rs 18,000/ month with a contingency grant of Rs 6000 The contingency funds available under the budget and grants received from the MM(DU) and external funding agencies are utilized for PG Research.

The students' demands are fulfilled to a greater extent from the MM(DU) through the Head (Research and Development). Extramural funding secured by the Faculty also supplements the students' requirements.

6.5.7.4. Employability

India requires globally competitive and better trained agricultural human resource capital in agriculture to feed 18 percent of world's population with only 2.3 percent of the world's land and less than 4 percent of the global fresh water. The population of India is expected to be 1.7 billion people by 2050 for which 481 Million tonnes will be needed. Currently the food production in India is about 325 million tonnes. Therefore, about 50% more food will have to be produced from lesser arable lands, declining ground water resources, changing climate conditions and stressful environment. To fulfil the aspirations, the ICAR New Delhi through V Deans Committee's recommendations has laid impetus on assured quality and effective education to develop human resource as agricultural graduates to cater the needs of Indian and world markets in food production and services sectors.

India is bestowed with about 65% people below the age of 35 and most of them are English speaking and, therefore, suitable for world markets. Agriculture graduates are employed mainly in Agri-input industry both in public sector organisations like state department of agriculture, national seed corporation and state seed firms, IFFCO, KRIBHCO, forest and fishery departments, weather forecast and disaster management, farm mechanization

industries, central warehouses, food procurement and storage in warehouses by FCI and private sector organisation, etc. dealing with agrochemicals (fertilizers, pesticides, herbicides), quality seeds, mushroom, bee-keeping, poultry, fisheries, dairy industries, bio fertilizers (PGPR) and bio stimulants (amino acids, growth hormones, humic acid, seed weed extracts and minerals), soil and plant analysis labs. Also, the food processing and farm mechanization industries are emerging fast.

Moreover, Government of India has launched mega projects for supporting start-ups to harness new innovations, improved technologies to support required growth in agriculture and allied sectors, innovation patents and government schemes for promotion and protection of Intellectual Property has given further boost to employability. Besides a large number of agricultural graduates are employed in urban and rural banks dealing with agricultural credit and Prime Minister's Crop Insurance Scheme. As a result, the human resource is developed with improved skill and enhanced entrepreneurship by the introduction of Student READY program. The Faculty of Agriculture (FOAFoA) follows the course curricula recommended by ICAR V Deans Committee, and it is equipped with skill development and hands-on training modules, experiential learning, communication and soft skills necessary for the job market and entrepreneurship.

The students undergo Rural Agriculture Work Experience (RAWE) program which exposes them to rural/village life, field diagnosis of agriculture enterprises related problems such as soil health, pest infestation, nutrient deficiency symptoms, animal health and feeding, farm management, input procurement and marketing, etc. Intensive training is provided to seventh and eighth semester students under Students' ready program (formally RAWE) and experiential learning module to provide them conceptual knowledge, practical skills and hand on practise for capacity building and entrepreneurship development. For that matter, students are offered twelve elective modules as per ICAR recommendations given below:

Paper Code	**Title of the module**	**Credits**
MOD-I	Production Technology for Bio agents and Bio fertilizers	0+10
MOD-II	Seed Production and Technology	0+10
MOD-III	Mushroom Cultivation Technology	0+10
MOD-IV	Soil, Plant, Water and Seed Testing	0+10
MOD-V	Commercial Beekeeping	0+10
MOD-VI	Poultry Production Technology	0+10

MOD-VII	Commercial Horticulture	0+10
MOD-VIII	Floriculture and Landscaping	0+10
MOD-IX	Food Processing	0+10
MOD-X	Agriculture Waste Management	0+10
MOD-XI	Organic Production Technology	0+10
MOD-XII	Fisheries	0+10

Most of these experiential modules are targeting production of food, animal feed, fibre, oil, protein crop, horticultural commodities like fruits, vegetables and flower crops and allied enterprises in mushroom, bee-keeping, poultry and fisheries, dairy and milk product. To support robust food production in sustainable manner, the industry for agrochemicals including fertilizers, insecticides, fungicides, herbicides, bio fertilizer, bio stimulants, food processing and farm mechanization is growing fast. In order to create sound agro-system production environment, risk avoidance, the agricultural credit sector, government subsidies, crop, livestock and machinery insurance programs are gaining momentum.

Agricultural graduates are given, adequate training for on farm production of crops, quality seeds, mushroom, bee-keeping, vermi compost and vertical agriculture through hydroponics so that they are skilled to be competitive to seek employment in public and private sector organizations in national and International arena, higher education in institutes of advance learning and self-employment through entrepreneurship development to establish their own start-ups in various core and allied sectors. It is interesting to note that our placement records of agricultural graduates and number of students interested in establishing their own start-ups are impressive and increasing.

Subject Name: Diseases of Field & Horticulture Crops & their management (I).

Subject Code: PATH 303

Contents of the syllabus:

* Symptoms, management of major diseases of various crops. i.e. Rice, Bajra, maize, etc.

Relevance to the course curriculum:

the content is very helpfull, so as it provides the knowledge about identification of diseases in various field, fruit, vegetable crops and the mananagement practices so as to avoid yield loss and ensure food security.

Remark:

Dr. Ram Singh taugh this subject, with the help of real time dried samples of diseases for identification, and also go for field visit for providing student real practical knowledge about assesment of disease & practices used for their managements.

STUDENTS, PARENTS, FACULTY AND INDUSTRIAL FEEDBACK AND ACTION TAKEN REPORT

The following gives a detailed report of the issue as received by the students and the action taken for those issues by the institution during July-Dec 2023.

Based on the feedback and the action taken are illustrated in the following statement

S. No	FEEDBACK	ACTION TAKEN
1.	Feedback regarding course curriculum	Course curriculum feedback was found satisfactory and most of the students have given the positive feedback regarding delivery of the lecture. The students of final year batch have been exposed to various field as well as industrial training to learn the things practically.
2.	Feedback from parents has been collected on admission procedure, infrastructure, ICT and other academic activities	Parents have given satisfactory remarks on admission procedure as well as infrastructure. However, we need to improve in soft skills, ethics, morality and ICT because some of the parents were found bothered and for that we have arranged some expert lecture/talks from different areas. ICT methods and smart boards are used for effective teaching.
3.	Faculty Feedback	Course curriculum feedback was found satisfactory and most of the Faculty have given positive feedback regarding curriculum design. The curriculum covered all prospects according to ICAR guidelines.
4.	Industrial and Farmers Feedback	Feedback has been collected from Vita Milk Plant, Ambala City and Harbir Nursery Shahbad. Students are being carried from time to time as per the course curriculum to get industrial exposure and on the basis of the students visits, the feedback has been taken on various aspects like communication during interaction, working with staff and students. Industries have shown good experience with the Department of Agriculture. Farmers, Faculty and students are interacting on various platforms like RAWE, Kisan Gsothi , Kisan Mela etc. Farmers feedback has been collected on problems faced by the farmers in farming and if the any problems raised by farmers have been resolved with proper solution by the faculty.

Examination System of MM(DU)

Introduction

The examination section of MM (DU), Mullana is governed by the **"Rules for Examination"** approved by various statutory authorities of this Institution Deemed to be University, as mentioned in MM(DU) Calendar Vol. -1.

To achieve the vision of the MM(DU), the Examination Section offers a transparent system while maintaining high security of the critical check points. The Examination Section administers open and secured processes which works in close collaboration with various institutions/departments, external organizations and individuals. Inter-alia, the Examination Section carry out its various functions under the supervision of Controller of Examinations and overall control of the Vice- Chancellor.

Temporal Plans of Academic Work

- The programes under Engineering & Technology, Management, Hotel Management, Computer Applications, Law, Pharmacy, Agriculture, Physiotherapy, B.Sc Paramedical, B.Sc Nursing and other traditional courses are conducted under Semester System for which Credit Based Evaluation System is followed.
- The programmes under Medical and Dental streams and M.Sc Medical, M.Sc Nursing and Phram D course run under Annual System as per requirement of the respective Regulatory Councils.

Examination Schedule

The Dean (Academics) notifies the Academic Calendar before the start of the session with the approval of the competent authority, following which the Examination Section issues a detailed examination schedule with the approval of the Vice- Chancellor.

Reforms

Automation Examination Section is completely automated in terms of on-line examination forms filled in by the students, online fee deposit, uploading Scheme of Examinations on the portal, on-line submission of internal marks of continuous evaluation, result processing and finally generation of detail marks cards (DMC), etc.

This Software is developed in house by the faculty and students of MM(DU). This Software also facilitates to conduct the online examinations and entrance tests of different courses of MM(DU).

The online system have the following features:

1. Student examination form filling through student login
2. Examination Centre Allocation (Allotment)
3. Examination Hall allotment
4. Attendance sheet
5. Date Sheet Generation/Create Time Table
6. Admit Card
7. Student Marks Filling
8. Result Processing
9. Display of Results on Student Side
10. Detailed Marks Card generation
11. Online Payment of Fee
12. Online conduct of examination/entrance tests

Uploading DMCs and Degrees on NAD portal: MM(DU) has signed MoU with CDSL in March, 2018 and accordingly all the DMCs and final Degrees were being uploaded on the NAD portal. Approximately 3583 documents have been uploaded on the said portal as yet. Complying with the latest guidelines of the UGC, the Digilocker has been declared as an official online depository of academic awards. The MM(DU) has already got itself registered

with the Digilocker and since then this Deemed to be University has regularly been uploading the documents on the plateform.

Academic Bank of Credit: The "Academic Bank of Credits" (ABC) is an educational digital platform created to facilitate students' mobility between or within degree-granting Higher Education Institutions (HEIs) through a formal system of credit transfers.

Maharishi Markandeshwar (Deemed to be University), Mullana has already got itself registered at the portal www.abc.gov.in with application No. is ABC00470016474075 74 on 15th March, 2022.

Majority of students have already signed up for **'Meri Pehchaan'** on https://digilocker.meripehchaan.gov.in to create Academic Bank of Credit Account.

Continuous evaluation being conducted at departmental level: For all programs, the mid-term tests are also being conducted on the pattern of end-term examination by preparing the date sheet and setting up of examination centres. The evaluated sheets are shown to students for their satisfaction.

On-demand examination: MM(DU) regularly conducts the special examinations for both odd and even semesters and also provides the additional chance for examination on the request of students as per the provisions of the Ordinances.

Technology Adoption: CCTV cameras have been fitted in the examination hall of the MM(DU) where most of the examinations are conducted during whole of the year.

Annexure C

Consolidated statement for land records and land utilization pattern

Total Land Required (as per ICAR Norms): 30 ha

Total Land available with Faculty of Agriculture: 42.70 ha

Land Utilization Pattern:

1. Main Building/Hostels/Residential Quarters (Including roads): 7.0 ha
2. Playground & other amenities: 3.0 ha
3. Farm area including godown/stores and Essential Instructional Units (EIUs): 25.4 ha

Land allocation (Department/Division/Section): The Faculty of Agriculture has more than 25 ha of land as a farm area including farms and stores. This is available for students' practical, demonstration, practical crop production, crop cafeteria, PG research etc. The department wise land provided for research and practical demonstration is given below:
